1. Pakistan is a Federal democracy. In order to maintain inter-governmental fiscal relationship, Article 160 of the Constitution provides for setting up of a National Finance Commission (NFC) with intervals not exceeding five years. The mandate of NFC is to make recommendations to the President for the distribution of resources between the Federal and Provincial Governments. The recommendations of the NFC are given legal cover through a President's Order No. 5 of 2010. The relevant provisions of President's Order No. 5 of 2010 as amended vide No. 6 of 2015 are as under:

(i) Distribution of Revenues.—(1) The divisible pool taxes in each year shall consist of the following taxes levied and collected by the Federal Government in that year, namely:—

- (a) taxes on income;
- (b) wealth tax;
- (c) capital value tax;
- (d) taxes on the sales and purchases of goods imported, exported, produced, manufactured or consumed;
- (e) export duties on cotton;
- (f) customs duties;
- (g) federal excise duties excluding the excise duty on gas charged at well-head; and
- (h) any other tax which may be levied by the Federal Government.

(2) One percent of the net proceeds of divisible pool taxes shall be assigned to Government of Khyber Pakhtunkhwa to meet the expenses on war on terror.

(3) After deducting the amounts as prescribed in clause (2), of the balance amount of the net proceeds of divisible pool taxes, fifty-six percent shall be assigned to provinces during the financial year 2010-11 and fifty-seven and half percent from the financial year 2011-12 onwards. The share of the Federal Government in the net proceeds of divisible pool shall be forty-four percent during the financial year 2010-11 and forty-two and half percent from the financial year 2011-12 onwards.

(ii) Allocation of shares to the Provincial Governments.—(1) The Province-wise ratios given in clause (2) are based on multiple indicators. The indicators and their respective weights as agreed upon are:—

(a)	Population	82.0%
(b)	Poverty or backwardness	10.3%
(c)	Revenue collection or generation	5.0%
(d)	Inverse population density	2.7%

(2) The sum assigned to the Provincial Governments under Article 3 shall be distributed amongst the Provinces on the basis of the percentage specified against each:—

(a)	Balochistan	9.09%
(b)	Khyber Pakhtunkhwa	14.62%
(c)	Sindh	24.55%
(d)	Punjab	51.74%
	Total:	100.00%

(3) The Federal Government shall guarantee that Balochistan province shall receive the projected sum of eighty-three billion rupees from the provincial share in the net proceeds of divisible pool taxes in the first year of the Award. Any shortfall in this amount shall be made up by the Federal Government from its own resources. This arrangement for Balochistan shall remain protected throughout the remaining four years of the Award based on annual budgetary projections.

(iii) Payment of net proceeds of royalty on crude oil.—Each of the provinces shall be paid in each financial year as a share in the net proceeds of the total royalties on crude oil an amount which bears to the total net proceeds the same proportion as the production of crude oil in the Province in that year bears to the total production of crude oil.

(iv) Payment of net proceeds of development surcharge on natural gas to the Provinces.—(1) Each of the Provinces shall be paid in each financial year as a share in the net proceeds to be worked out based on average rate per MMBTU of the respective province. The average rate per MMBTU shall be derived by notionally clubbing both the royalty on natural gas and development surcharge on Gas. Royalty on natural gas shall be distributed in accordance with clause (1) of Article 161 of the Constitution whereas the development surcharge on natural gas would be distributed by making adjustments based on this average rate.

(2) The development surcharge on natural gas for Balochistan with effect from 1st July 2002, shall be re-worked out hypothetically on the basis of the formula given in clause (1) and the amount, subject to maximum of ten billion rupees, shall be paid in five years in five equal installments by the Federal Government as grants to be charged on the Federal Consolidated Fund.

(v) Grants-in-Aid to the Provinces.—There shall be charged upon the Federal Consolidated Fund each year, as grants-in-aid of the revenues of the province of Sindh an amount equivalent to 0.66% of the provincial share in the net proceeds of divisible pool as a compensation for the losses on account of abolition of octroi and zilla tax.

(vi) **Sales tax on services.**—NFC recognizes that sales tax on services is a Provincial subject under the Constitution of the Islamic Republic of Pakistan, and may be collected by respective Provinces, if they so desired.

(vii) The President has constituted 10th NFC on 21st July, 2020 for consideration on distribution of resources afresh.
